

Massarat Assessment & Analytics

Our patented assessment module collects every question presented by the teachers and the answers of every student to these questions. We then provide the globally benchmarked results to all stakeholders throughout the school year, instantly turning every-day quizzes into internationally benchmarked assessments.

Massarat Madrasatie Online

Madrasatie Online, a GESS Award finalist, is a full-fledged, cost effective, flexible and easy to use School Management Solution that can be customized to fit the school's needs. Among the modules it offers, a Blended learning module designed in a way to provide the school with business continuity and allow for a hybrid approach. The solution is available in multiple languages and includes a Smart Mobile App that can be utilized to activate Multiple Schools and Multiple User Roles such as Students, Parents, Teachers and School Admins.
